

FRAUD NOTICE – RECRUITMENT IMPERSONATION

It has come to our attention that a group of individuals have been impersonating Falcon Engineering, Inc. as it relates to recruitment for a work-remote Data Entry Clerk position. The perpetrators are going through an interview process and requesting personal information in which they will send you a check for office equipment. **Please be aware that this is a scam, and we are in the process of trying to rectify this issue.**

If you receive an email, social media message, text message, or phone call from someone saying they are with Falcon Engineering hiring for a work-remote Data Entry Clerk position, **PLEASE DO NOT RESPOND**. We ask that you report this to your local justice department as well as the [FBI](#).

If you have questions regarding this matter, please contact Marisa Mansfield at mmansfield@falconengineers.com

Thank you,
